Job Success Formula

Job Success Formula Eligibility

The Eligibility component of each Job Success Formula evaluates how applicants compare to the ideal levels of education, experience, and skills based on your organization's specific needs. It ranks candidates on these factors and can be thought of as "can they do the job?"

Job Success Formula Suitability

The Suitability component of each Job Success Formula evaluates how each applicant compares to a complete set of proven suitability or behavioral traits that are specific to the job function. These customizable factors include attitudes, motivations, interpersonal skills, interests, work values, and work preferences and can be thought of as "will they enjoy the job?"

Weighting Options

The Job Success Formulas automatically generate interview weighting guidelines and specific behavioral interview questions. These guide the interviewer to obtain important insight related to the key job success factors, as well as provide a consistent scoring method for each factor. Harrison's system provides sophisticated, yet easy-to-use options for weighting, scoring and customizing Job Success Formulas to reflect an organization's specific needs and core values.

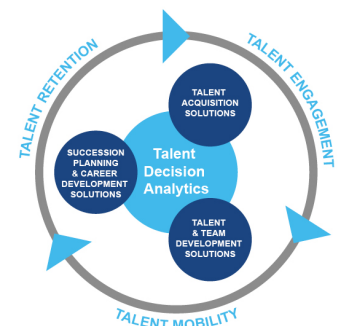

Scoring Candidates

Harrison Assessment's Job Success Formulas are developed from 30+ years of research and provide a comprehensive integrated hiring system. The final assessment score measures candidates eligibility, suitability, and interview scores against the IDEAL candidate for the position in your organization.

Organizations looking to win the talent war need the best Selection tools available. Harrison Assessment's extensive experience and the predictive power of Job Success Formulas provides the most cost effective methodology to hire, develop and retain your top talent.
